LETTER OF ATTESTATION — INDEPENDENT SECURITY ASSESSMENT

To whom it may concern,

Attestor Security, trading as Attestor Security, was engaged by Sample Retail Private Limited to perform an independent security assessment of Web application and API security assessment.

Assessment period: 13 July 2026 to 17 July 2026

Scope: juice.attestor-lab.internal — the customer web application and its REST API; The administration interface at the same origin; Three user roles: anonymous visitor, registered customer, administrator

Assessment type: Grey box

Methodology: OWASP Web Security Testing Guide 4.2, OWASP Application Security Verification Standard 5.0, OWASP Top 10:2025, OWASP API Security Top 10:2023, NIST SP 800-115, PTES

Severity model: CVSS 4.0

Report reference: ATT-2026-000, version 1.0

Findings identified: 2 critical, 4 high, 3 medium, 1 low, 0 informational

Remediation status as at 20 July 2026: 0 of 6 critical and high severity findings have been remediated and independently re-verified as at 20 July 2026. 6 remain open.

Independence: Attestor Security did not design, develop, operate or maintain any of the systems assessed, and has no financial or operational interest in Sample Retail Private Limited beyond the fees for this engagement.

Basis and limitations: this letter summarises a point-in-time assessment limited to the scope stated above and is subject in full to the limitations and disclaimer set out in the accompanying report. It is not a certification of compliance with any standard or law, and it does not warrant that the assessed systems are free from vulnerabilities. Attestor Security is not empanelled by CERT-In. No duty of care is owed to any recipient of this letter other than Sample Retail Private Limited, and no such recipient may rely upon it. The detailed report is available from Sample Retail Private Limited under their own confidentiality arrangements.

Verification: the authenticity of this letter may be confirmed by writing to hello@attestorsecurity.com quoting reference ATT-2026-000.

Yours faithfully,

Attestor Security
